

Red BARN U-PICK

Pick Your Own Apple Guidelines

Our farm is GAP Certified (Good Agricultural Practices). To maintain our certification; no smoking, pets, food or parking is allowed in the orchard.

- There is no smoking or use of tobacco anywhere on the farm.
- If you bring your pets to the market, they must remain on a leash but unfortunately are not allowed in the orchards or petting farm.
- Please keep food/drinks in designated areas at the market.
- All vehicles must be parked at the market.
- Please wash your hands prior to picking apples.
- Use the restroom provided in the market – not the orchard!
- Do not discard apples in the orchard.
- Please discard trash in the provided cans.
- Only bags purchased at the market are to be used for picking.
- Pick in designated areas only – not all apples you see are ready for harvest.
- Supervise children at all times – children under 16 years of age must be accompanied by an adult.
- DO NOT climb or shake the trees.
- For liability purposes, ladders are not to be used at any time.
- Wear sturdy footwear.
- Many labor intensive hours of care go into our trees – please be mindful not to waste fruit. If you accidentally drop apples on the ground please pick them up and put in your bag.
- Wagons are available for your use to transport apples back to your car – please return to the market for the next person.
- Enjoy your stay in our orchard and thank you for respecting our closing time of 6pm daily.
- Remember to post photos from your day and tag the Red Barn Market! #RedBarnMarket

How to pick an apple:

Use one hand to hold the branch then grasp the bottom of the apple in the palm of your hand. Gently turn the apple upside down so your hand is now facing downward. The apple and stem should pull easily from the tree. Do not yank, shake or twist the apple as it can cause other apples to fall to the ground or cause damage to the future buds.

Thank You!

Thank you for choosing the Red Barn Market for your picking adventure! Have a blessed day!
